Statement / Commitment:

I am fully dedicated to the “cause and matters” of the IIS and its Mission since I started in 1992 in Kansas City, USA a series of Symposia on the synthesis and applications of isotopes and isotopically labeled compounds. This action then led to the founding of the IIS in 1986 and its other Symposia taking place every three years ever since. As per above listed former IIS offices, my commitment to the IIS cause has been uninterrupted and multifaceted and that included also providing a substantial financial support to most of the IIS Symposia and local Chapter meetings via contributions made by my own company IICH Inc. I continued to keep active in the affairs of the IIS even after not running for election to any IIS office after 1995 and made a substantial contribution to the rewriting of the IIS Constitution by the IIS BoT of 2001-2003. After being re-elected to the current IIS BoT 2004-2006 I continued to put forth efforts into expanding the membership base of the IIS, to improve its Website and to emphasize the importance of the BoR in supporting the affairs of the IIS and its executive body BoT at the grass root level.

Additional Remarks: If elected, I will dutifully serve the IIS membership according to its Constitution and Bylaws.

Candidates are expected to fill out this form and send it to the chairman of the Nomination/ Election Committee, Crist Filer preferably by e-mail (crist.filer@perkinelmer.com or by fax 617-542-4330).
