

2007-2009 IIS Elections

As directed by the IIS Constitution in early 2005 a Nominations and Election Committee (N/E Committee) was appointed to oversee the 2006 IIS election of officers of the Board of Trustees (BoT) to serve in the years 2007-2009. Besides myself, this consisted of Matt Braun, George Ellames, Dietrich Gantz, John Harding, Richard Heys, David Saunders, Dietrich Seidel and Alex Susan. Throughout the remainder of 2005 and early 2006 the membership was updated about the election with mailings, e-mailings and IIS website postings. Early in 2006 nomination forms were provided to the members and candidates submitted them to the N/E Committee for consideration. The nomination process closed on 3/1/06 and ballots were created and mailed by our Executive Secretary, David Hesk, with instructions to mail them to Richard Heys by 5/15/06. Soon thereafter the results were presented to the N/E Committee and by 6/15/06 posted on the IIS website. The results are as follows:

President

2007 Brad Maxwell
2008 Crist N. Filer
2009 William J. Wheeler

Vice President

John Allen

Executive Secretary

David Hesk

Chief Financial Officer

Scott Landvatter

As a result of the elections both Alex Susan and Darren Brown were also elected to the 2007-2009 Board of Representatives (BoR). Recently each IIS chapter also appointed its BoR member and these include George Ellames (UK), Keith Garnes (NEUSA), Nikolai Myasoedov (Russia), Yves Nadeau (Canada), Ray Oekonomopoulos (CED), Darren Brown (USA), Corina Simion (Romania), Frank White (Central USA) and Yaer Hu (China). Also, the BoR recently held its own election and Alex Susan was elected by them as Chairman of the BoR and will represent the BoR on the BoT by becoming the seventh BoT Member at Large.

I wish to thank all of those who assisted in these elections as well as you, our members, for participating.

Crist N. Filer
